

PRESIDENT'S LETTER

Voters

The League of Women Voters of Ashtabula County (LW-VAC) believes that informed citizens are the basis of our democracy. By publishing this Voter Guide, we provide citizens with non-partisan, factual information on the local candidates for the fall general election.

Information for the guide was obtained from local candidates who were invited to participate in the League's VOTE411 online voter guide, answering biographical information and questions. League tried to contact all candidates by whatever means we could and that "no response" means that the candidate did not respond to our request.

Responses from candidates who met our submission deadlines have been reproduced here in their entirety and as submitted. All candidates are solely responsible for the content of their replies. Every effort has been made by the League to ensure accuracy and completeness.

For more information, please go to VOTE411.org.

The Gazette Newspapers is providing this guide free to all voters who are their subscribers. LWVAC will also have printed copies available at county libraries and on their website, Facebook page and VOTE411.org.

Any advertising is to offset costs of this publication and does not constitute or imply endorsement, recommendations or favoring by the League of Women Voters of Ashtabula County. The Gazette Publications and LWVAC are not responsible for any content in the candidates' statements as they are being printed directly as submitted by said candidates. Material in this Voters Guide may not be reproduced or altered without the written consent of the LWVAC.

LWVAC welcomes men and women as members. Visit us at: www.facebook.com/League of Women Voters of Ashtabula County/

Sincerely, Mary Howe, President

Question: What in your background qualifies you to serve as the Ashtabula City Manager?

Answer: I possess a deep well of professional experiences, which are necessary to be an effective city manager. I am a successful fundraiser and local government administrator who has effectively managed other municipalities in Ashtabula County. As an employee of Smolen Engineering, I spearheaded the development and fundraising for numerous infrastructure improvements including the Riverview Covered Bridge, the Liberty Street Covered Bridge in Geneva, and the never -to-be replicated covered bridge entertainment pavilion in Jefferson. I also developed the 28-mile Western Reserve Greenway Trail. Currently, I serve as the grant supervisor with the city of Mentor's administration. As a volunteer, I led the effort to light the lift bridge.

Q: As the Ashtabula City Manager, how would you seek to enhance economic development?

A: Economic development in the city must begin with taking good care of the existing employers. We must improve road access to factories and businesses whose very existence depends on delivery and shipping and adjust our snow plowing plan to mimic what is done in Buffalo. Such changes will allow our local industry and residents alike to thrive and function during and after major storm events. Efforts must be made to attract more tourism by compelling Great Lakes Cruise Ships to visit our port. The city ought to acquire and remediate the former coal dock. Public ownership of the property would open the door for massive investments by the state of Ohio and transform Ashtabula's future for the better.

Q: What are the most pressing issues facing the City of Ashtabula?

A: The recent rise of the homeless population in the city of Ashtabula

A: The recent rise of the homeless population in the city of Ashtabula is the most pressing issue facing the community. Our community must have clean streets and safe parks to thrive. None of the proposed improvements on Main Avenue or elsewhere will amount to much unless the homeless crisis is addressed soon. By working with stakeholders and multi-state organizations, I will implement a plan of compassionate accountability. We will focus on assisting Ashtabula County natives first and improve coordination among the numerous organizations providing relief. Assistance will be provided to those who desire help. However, individuals who only consume resources and disregard the law will be encouraged to move on.

Q: What in your background qualifies you to serve as the Ashtabula City Manager?

A: I didn't just "show up" when I decided to run for City Manager. For years prior, I attended Council and School Board meetings and served on Boards and Committees not only for the City but throughout the State of Ohio. Serving as President of the Ashtabula Area Chamber of Commerce, I was able to assist businesses in our local economy with retention, expansion and attraction efforts. I have a degree from Kent State University and have worked in management positions most of my life. I and my staff have secured millions of dollars in grant funding, and I know budgeting and Government Fund Accounting. I have demonstrated these skills and the ability to work with our Unions as well as local, State and Federal partners to advance our City.

Q: As the Ashtabula City Manager, how would you seek to enhance economic development?

A: My business background and ability to negotiate has positioned the City for development and we are seeing the results of our hard work. In 2022, over \$100 million in construction permits were issued for projects. This includes 17 housing starts, a hotel, and the new patient tower at ACMC. I serve on the Board of Directors for ACMC, and I insisted our hospital remained in the City. There is renewed interest on Main Ave. We instituted various development incentives which are being used and attracts development. In 2019, I received the Growth Partnership Young Economic Leader Award. We have built incredible relationships with developers and individuals investing in our community which in turn has led to multi-million-dollar investments.

$\mathbf{Q}\!\!:\!\mathbf{W}\!\!$ hat are the most pressing issues facing the City of Ashtabula?

A: Like most communities our size, infrastructure needs are high on the list. Since the pandemic, costs for materials, labor and various projects have skyrocketed. We have been able to accomplish many of the projects by creative financing and obtaining grants to offset our contributions. For instance, I was awarded a \$1.2 million grant to resurface Collins Blvd. in Downtown. We could not do a project of this magnitude without grants like this. Additionally, I secured \$400,000 for the Samaritan House which will allow them to expand and support more of our homeless population. I have gathered local agencies and our church communities together to discuss a day center as well to bring assistance to our homeless population as well.

LEAGUE OF WOMEN OTER OF ASHTABULA **COUNTY HISTORY**

On October 21, 1968, Gail Graham, wife of the Episcopal minister in Jefferson and a member-at-large of the League of Women Voters and Esther Buchan Blevins, a fifteen-year member of the Geauga County League, met in Jefferson and agreed to start a League in Ashtabula County. The five Charter Members necessary to start the League were: Gail Graham, President; Matilda Obernyer, Julia Waters, Judith Weir and Esther Blevins.

Know Your County (required for full membership in the League of Women Voters) was the first local study completed by the group. After three years as a provisional League, the Ashtabula County League was fully recognized in January of 1972. Local President at the time was Jane Ailey.

The first League Candidates' Night in Ashtabula County was held in October 1972, at Kent State co-sponsored by AAUW and the Chamber of Commerce. The Directory of Health Services for Ashtabula County Residents was published in May 1974 as the result of a twoyear study.

Some of the topics studied during the League's early days were: water pollution, the electoral college, housing in Ashtabula County, the Ohio Constitution, U.S. policy towards China, public education finance, welfare reform and Congressional representation for the District of Columbia.

Early projects included a local study on juvenile justice that was instrumental in the building of a Juvenile facility. In 1990, the Ashtabula League received a \$7,500 grant from the LWVUS Education Fund to start an after school child care project in conjunction with the Ashtabula Area City Schools.

ABSENTEE VOTING

You must use the application form prescribed by the Secretary of State (Form 11-A) found on https://www.ohiosos.gov/elections/voters/absentee-voting or provided to your county board of elections to apply for your absentee ballot.

ABSENTEE VOTING BY MAIL: All Ohio voters whose registration information is upto-date have the opportunity to vote in any election from the convenience of their own homes by requesting an absentee ballot. Voters need only fill out and return an application and their absentee ballot will be mailed to them so they may make their selections

at their leisure and return their ballot to the board of elections ahead of Election Day.

The deadline to request an absentee ballot is seven days before the election in which you want to vote. If mailed, absentee ballots must be postmarked by the day before the election in order to be counted. You can also return your absentee ballot in person to the Ashtabula County Board of Election before the close of the polls at 7:30 p.m. on

STEPS TO REQUEST AND VOTE AN ABSENTEE BALLOT

1) Complete the absentee ballot request form.

2) Once you have completed your application by providing all of the required information print and sign it.

3) Mail the request form back to your county board of elections.

4) Wait to receive your ballot in the mail from the county board of elections. If you have questions about your absentee ballot request, you should call your county board of elections or you can track the status of your ballot request as well as your voted absentee ballot through www.ohiosos.gov under the Voter Toolkit.

5) Return your voted ballot.

• If you return your absentee ballot by mail, it must be postmarked no later than the day before Election Day and received by your county board of elections no later than four days after the election. By state law, a postmark does not include a date marked by a postage evidence system such as a postage meter. The U.S. Postal Service (USPS) estimates that it may take two to five days for your voted absentee ballot to be delivered to your board of elections by mail.

• If you are returning your voted ballot by mail during the week before Election Day, you should take it to USPS no later than the day before Election Day and ensure it receives a postmark as follows:

• If you use a postage label purchased at a USPS customer service window or vending machine, the date on the label is the postmark. This is the USPS-recommended way to postmark your ballot.

If you use postage stamps, ask that it be postmarked

You should not use a postage meter or an online service (such as stamps.com) to affix postage. It is your responsibility to make sure the ballot has enough postage.

• If you return your ballot to the board in person, or if a near relative* delivers it for you, the board of elections must receive your ballot no later than 7:30 p.m. on Election Day. • If you are a member of the uniformed services or a voter outside of the United States, ballots must be received by the fourth day after the election. Sign your identification envelope by the close of polls on Election Day or return in person by 7:30 p.m. on Election Day.

*Near relative provides the voter's spouse or the voter's father-in-law, mather in law grandfether are provided to the voter's spouse or the voter's the voter's father-in-law,

mother-in-law, grandfather, grandmother, brother, or sister of the whole or half blood, or the son, daughter, adopting parent, adopted child, stepparent, stepchild, uncle, aunt, nephew, or niece.

If you do not vote your absentee ballot and instead decide to go to your assigned polling place on Election Day, you must vote a provisional ballot.

No voted ballot may be returned to a board of elections by fax or e-mail. If a voted ballot is returned by fax or e-mail, it will not be accepted, processed, or counted.

HOSPITALIZED VOTERS: If you or your minor child is in the hospital on Election Day, you must submit a properly-completed and signed request to the board of elections of the county in which your voting residence is located by 3 p.m. on Election Day. To be eligible under this provision, you or your minor child must be confined in a hospital because of an accident or unforeseeable medical emergency. If you or your minor child is hospitalized in the same county where you are registered to vote, two representatives of the board of elections can deliver the ballot to you, wait while you mark the ballot, and return your voted ballot to the board office. Additionally, you may include in your absentee ballot application a request that your county board of elections give your unmarked ballot to a designated relative – your spouse, father, mother, father-in-law, mother-in-law, grandfather, grandmother, brother, sister, son, daughter, adopted parent, adopted child, stepparent, stepchild, uncle, aunt, nephew or niece - who shall deliver the ballot to you in the hospital and return your voted ballot to the board office. Form can be located at: https://www.ohiosos.gov/globalassets/elections/forms/11-b.pdf

VOTERS WITH DISABILITIES: Any Ohio voter with a qualifying disability under the Americans with Disabilities Act can request an absentee ballot to complete through the accessible absentee voting system located at:

https://www.ohiosos.gov/elections/voters.

EARLY IN-PERSON VOTING: In Ohio, voters have many options to vote. Starting the day after the close of voter registration, all registered voters may request and vote an absentee ballot in person at their county board of elections or early voting center as designated by the county.

Absentee voting has many benefits -- You can vote early, it is convenient, it reduces the chance of lines at the polls on Election Day, and absentee ballots are the first votes counted on Flection Night.

These roles have given me the opportunity to become a leader and create positive work and community environments. Marketing, inventory, problem solving, and recordkeeping skills have played important roles in my jobs as well. However, I think my greatest asset has been my ability to connect to people. Whether it is starting your day off right with that perfect cup of coffee, or making voting lines more bearable with some "Happy Bubbles" while working election polls, it is always about the people for me.

Q: Why are you running for this position?

A: Village Council has been a thought in my mind for the past few years, but as a single mom of three I just could not commit the time. Now that all of my kids have graduated and my free time is not spent sitting in bleachers, it is time to get involved and give back to the community. I can do more than referee youth basketball games or run youth t-ball and soccer programs. I want to represent the people of Jefferson and ensure their voices and concerns are heard. This is a great town and I see a bright future ahead. I would love the opportunity to represent the people of Jefferson and be a part of the success that is to come for our village. $\,$

couple of years that I would like the opportunity to see through. I have been on council for several years now and we have made tremendous progress cleaning up the village. We have made many improvements to our park over the past few years with many more planned. Our streets are better than ever. The sewer plant is getting a much-needed upgrade. We have worked hard to get to where we are, but we have so much further to go. I am proud to say that we have worked hard to not raise utility rates in 12 years. Years of fiscal planning are paying off. Rock Creek has a great future ahead of us and I want to be a part of it. Thank you for the opportunity to serve you.

A: I have decided to run for the position of trustee, because the residents of Saybrook need a person that truly cares, and is fully committed to the township.

I'm at a point in my life that I want to serve my township in a different capacity; someone that is focused on building growth, and putting the needs of our township and the residents first.

- Occupation: Police Office Geneva on the Lake
- Position You Are Seeking: Saybrook Township Trustee unexpired term
- Work Experience: Veteran U.S. Army, Previously served as Township Trustee in Monroe Township, currently serve on Ashtabula County Homesafe Board of Directors
- Education: Kent State University- Criminal Justice, Police Academy,
- Campaign Email: jason.a.keeler01@gmail.com

Q: What in your background qualifies you to serve in this position?

A: I'm a lifelong resident of Ashtabula County and a local business owner. I have previously served as a township trustee in Monroe Township before joining the United States Army. I am a veteran and served two tours in Iraq. After getting out of the Army I got my bachelor's degree in Criminal Justice from Kent State University and attended the Police academy. I am on the Ashtabula County Homesafe Board of Directors. I am currently serving as a full-time police officer at Geneva-on-the-Lake.

Q: Why are you running for this position?

A: As a member of the Zoning Appeals Board, I frequently see cases come before the board that are unnecessary as most of the current community is already in non-compliance. By updating the zoning code we can help eliminate needless paperwork and cost that comes with building projects and have codes that aren't so mismatched they ignore the actual community they are designed to serve. The voters have been generous in passing tax levies to support the township. Unfortunately the township has been over budget on many projects. I will be a good steward of the public funds and will bring our projects into budget.

Q: What in your background qualifies you to serve in this position?

A: Despite never having been involved with politics, I believe the people making decisions for our community should be a positive reflection of the community they represent and be as committed and passionate about the results of decision making as the citizens who are impacted by them. I have always believed the best model for politics is any position should be run as efficiently as a business, and be bound by the same personal accountability and results that business owners are bound by. In my endeavors as a business owner, I've learned the importance of personal responsibility, reliability, loyalty, and devotion in pursuit of success. These qualities are engrained in me and I believe make me uniquely qualified to serve Saybrook Township.

Q: Why are you running for this position?

A: I envision making Saybrook a more desirable area in Ashtabula County by bringing fresh ideas to the table that will help our area flourish. I want to be the sounding board for the citizens of Saybrook. I'll listen to their concerns but also their ideas on how we can make Saybrook better. One example, is implementing an overpass for the northern set of tracks on Route 45, to help alleviate congestion when dealing with a stopped train and to ultimately create a straight access point for first responders. I would also like to continue bringing in new businesses to the area along Route 45.

Q: Why are you running for this position?

A: I'm running for the Ashtabula Area City School District Board of Education because I believe in the importance of a school district that serves every child effectively. Clear leadership at the top is crucial for providing the necessary support and vision to guide our district on a new path. As a proud graduate of Lakeside High School and someone who spent all four years there as a Dragon (01-05), I want to reignite the sense of pride in our school and community. Through transparency and a focus on individual needs, we can bridge the gap between the district's families and the board, fostering progress and success. I'll work tirelessly to ensure our district's families know they have an advocate on the board, committed to serving their needs

DARIUS WILLIAMS

- Occupation: Real Estate
- Position You Are Seeking: AACS Board of Education
- **Age**: 30

Q: What in your background qualifies you to serve in this position?

A: I have had the ability to work within numerous school districts seeing the daily operations of a

school campus as well as being elected to sit on a board of my peers with the Ashtabula Board of Realtors. During this I have learned the skills it takes to sit on a nonpartisan board and collectively work towards making progress in education, collaborative work, and safety. My career in Real Estate has helped develop my abilities to work under pressure situations to be able to deliver desired results in a professional manner.

Q: Why are you running for this position?

A: I'm Running for Ashtabula's Board of Education for the second time because I see a job that will take a group effort to complete. Ashtabula Area schools are at the bottom of the state rankings. This can be changed but will take individuals who will put structure and education first. I graduated from these same schools in 2012 and have since worked to establish myself as a trusted asset in our community. To continue Growing our community it will take those from it to truly care and make the difference. I'm running for AACS Board of Education because I believe if we establish these schools and dig them out from the bottom we will begin to see Ashtabula for all it has to offer all while having a school that produces highly educated individuals

- Position You Are Seeking: Geneva Area City School Board
- Work Experience: 20 years as accountant/analyst/contoller of construction company, 9 years as owner of gift shop, 9 years tutor volunteer for kindergarteners to catch up on letters and numbers before transition into 1st grade. • Education: Graduate Geneva High

School, attended Ohio University, Lakeland Community College

• Campaign Email: slfisher47@gmail.com

• Facebook: www.facebook.com/QuestionsandAnswers2017

• Age: 75

Q: What in your background qualifies you to serve in this position?

A: I have spent almost eight years as a member of the Geneva Area City School Board and going on 4 years on the A-Tech School Board. In my career span, I have been employed as an accounting clerk and worked my way up to corporate controller. After I retired from that position, I purchased a gift shop which I had for about nine years. I have two adult sons and three youngish grandsons, ages 17, 15 and 13 who have kept me in the loop. My mother taught her whole career in the Geneva school system. In a way, I feel I'm honoring her by working to make Geneva Schools something she would be proud of.

Q: Why are you running for this position?

A: Currently there is a lot of negativity surrounding our school district. I know there are a lot of wonderful things happening but they are getting lost in the noise. There is a lot of misinformation making the rounds and I want to work to get people properly informed and hopefully, working together to make great things happen. I firmly believe that you can't rise up by tearing someone down. We need to stop the negativity, work together, and concentrate on our students.

Q: What in your background qualifies you to serve in this position?

A: As a public educator for over 20 years, I have had the privilege of serving children and families in my classroom and the community in which I have taught. I would love to carry that experience into the school board setting in Geneva. Our district is in need of change. I feel that I could bring fresh ideas, plans that serve EVERYONE and a culture shift that is much needed at this time. Our district once was a destination district in Ashtabula County; it will be again. We need to refine our focus, have conversations with our community members, listen and put verbs in sentences when initiating a plan that serves our children, families and staff.

Q: Why are you running for this position?

A: GAČSD needs a fresh start. Two years ago, teachers were on strike. Emotions are still high. I feel that our superintendent and board of education have turned a 'blind eye' to all issues that surround them. They exist in an echo chamber; only hearing what they say to each other. As a board member, you are elected by the community. The community needs to know that you are accessible and willing to have a conversation. The majority of our current board does not adhere to this mantra, touting that "meetings are held IN public, not FOR the public." Commentary and statements made during meetings are rehearsed and questions regarding them are ignored. This must change. I am looking forward to being the catalyst that will pivot our entire district.

in this position?

A: I work on cases for lawyers when they need someone to find out the background on hard-to-solve issues that surround civil rights, employment, and large cases. I have constantly shown I can find and support real, founded claims for good people that need help when they don't feel like their needs are being met. From children, to employees, to parents, and people like you. Finding someone that has your back is hard. For me, it's my career.

Q: Why are you running for this position?

A: There is a lack of public input on this board, and a lack of credibility with hard decisions that has become a very big issue for parents. I want to invite the public-at-large to have a seat at the table. Mom, dad, grandparents, and everyone else that cares for their students. I openly support and advocate for a utilitarian (non-political, public-based) approach to government and I think everyone who has kids in the district deserves to be heard, regardless of national politics. Geneva deserves the best it can be.
